

How to uncompress file (*.cmp)

 When users have a *.cmp file to be uncompressed to *.mtp file, please click Tool -> Compress / Uncompress

 After the dialog box pops up, please click Browse to open the desired file (*.cmp)

Compress/Uncom	press project	
Compress		
Source Name :	8	Brows
Desti. Name :		Brows
	Compressing	
Uncompress		
Source Name :	C:\MT8121T_test.cmp	Browse
Desti. Name :	C:\MT8121T_test.mtp	Browse
	Uncompressing	
		Exit

3. Select "Uncompressing" to process extraction, since the files of older version has already existed, just click "Yes to all" to replace it.
